

STRATA SOLICITORS: CORPORATE DEFENCE

Providing a legal led bespoke TPA claims handling service specifically designed to reduce the overall impact of liability claims and all associated costs to the client business, as well as a platform to support client own damage process where required. Combining legal and insurance specialists who operate exclusively within the corporate sector in handling liability and own damage claims for self-insured corporates.

We pride ourselves on delivering a first class, cost efficient and value for money personal service bespoke to each client requirements.

Stratas Corporate Defence offering is centered around these key areas:

Bespoke service offering:

Strata are able to tailor a full end to end process to suit the clients' specific needs thus maximising the opportunity to effectively manage claims life cycles and control overall spend with transparent and accurate MI/Trend reporting.

Strong, wide ranging, bespoke and accurate MI and reporting systems:

Provides our clients with bespoke meaningful and accurate data sets that are designed with the client to ensure client stakeholder needs are met.

Supports claims service function and enables client input/decision making concerning risk assessment, trend analysis to provide the best positive outcomes across the whole claims function.

First Notification Of Loss management:

Designated and experienced claims handlers take the FNOL notifications and then go onto handle the actual claim subject to agreed handling authorities, rather than a "call centre type service" who then pass on the FNOL to another team/provider.

Imprest Fund and financial reporting management:

Provides a process for Strata to manage a client fund for payment of claims, wholly transparent, SRA compliant, with tried, and tested processes over many years.

Enables swift and accurate payment of agreed compensation and other payments, avoids delays and possible penalties.

We offer a pre and post litigation claims management service that is tailored to our clients' business needs. Handling liability claims from notification through to settlement; focusing on pro-active claims handling to reduce life cycles and average claims spend. Providing 24/7 full transparency client access to bespoke on line claims management system;
